ALACK... HOWEVER...

Don't, Mr. Gryphon, look back to that short, short weekend past; turn your gaze to the wonderland of drama and dance ahead! At 7:30 P.M. on this Saturday, Dec. 5 (and also at 8:30 on Thursday and Friday) the Mustard and Cheese Club will present Agatha Christie's "Witness For the Prosecution" in Broughal Jr. High School, to be followed by "Snoball", a dance sponsored by the sophomore class from 9 to 1 on the upper floor of Grace Hall. Combined play and dance tickets may be purchased for \$4 at the Student Activities desk in the U.C. Inviting you to relax and forget for a night your rapidly dis-integrating scholastic position. Hurry, hurry, hurry! D.M.

PLUTARCH'S LIVES RELIVED

Under the guise that we want to get to know some of our members better, (we really want to see what makes these Gryphons tick) we decided to reinstate the biography as a regular element in The Pricked Ear. We shall endeavor to include two biographies every week of Sophomores and other new members. R.C.E.

DAVID R. PHELPS

1. Born - August 16, 1940 in Pulaski, Virginia. Moved to Long Island in 1953 and now lives in Massapequa.
2. Attended Massapequa High School.
3. Chose Lehigh because of its good reputation and the favorable impression the campus made when he visited here.
4. Dave is a member of Lehigh A.I.E.E., Camera Club, Arcadia Associates, and plays Intramural Sports.
5. Future plans - to go into the service, and then work in the field of railway electric traction, Dave is now studying Electrical Engineering.
6. Hobbies - photography, railroads (real and model).
7. Likes - Freshmen, science-fiction, classical music, and chocolate cake.
8. Dislikes - Asparagus, "drunk" freshmen, phony Southern accents, Physics Department.
9. Secret Ambition - To become a Republican Senator from Virginia. Vic Robinson

VICTOR S. ROBINSON, III

Born February 22, 1940, in Port Jefferson, Long Island, New York, Vic has lived all his life on Long Island. He attended Port Jefferson High School, then chose Lehigh for a college education because of its reputation as a good engineering school.

Vic is studying ChemE ("so far") and has joined the A.S.Ch.E.

Steak, jazz, freshmen, some girls, and parties lead the list of Vic's likes, while his major dislikes include Chem 35, some girls, and sweet potatoes. For a hobby, Vic collects records. ("Mostly popular jazz".)

After graduation, Vic expects to serve a hitch in the Navy, then go to work, probably for a large chemical concern, possibly studying for an advanced degree in night school.

Incidentally, Vic admits to one secret ambition - to be a disc jockey. David Phelps

"MAVERICK" ANYONE?

Now that the freshmen have won the television set, after a long hard campaign, they must get permission to keep it in the Residence Halls. If they can run the project smoothly and maturely without bothering other people, we think it would represent a step forward in giving the freshmen the responsibility which they so often cry for, but occasionally give evidence of not being able to handle. After being O.K.'d by the counselors in Richards, Geraint Evans and Dean Campbell the decision is now in the hands of Dean Leith. We hope he will let the freshmen give it a try. R.C.E.
